Date : 10/12/'25

MEMORANDUM OF UNDERSTANDING (MoU)

Between

Department of Electronics & Communication Engineering
Government Polytechnic, Palanpur

and

BeeRobokids Innovations Pvt. Ltd., Palanpur

Purpose:

This MoU establishes collaboration to enhance industry-academia interaction, strengthen practical skills, and promote innovation among students.

1. Student Internship

BeeRobokids Innovations Pvt. Ltd. shall facilitate internship opportunities for eligible EC and ICT students. The company will provide exposure to embedded systems, robotics, IoT, drones, automation and related technologies. The department will recommend eligible students and monitor internship progress. Internships may include training, projects, evaluation and certification subject to company policies.

2. Industry Supported Laboratory

BeeRobokids and the EC Department shall jointly develop laboratory which will be utilized for areas like Advanced Microprocessors and Microcontrollers, Embedded systems, Robotics, IoT, Drone Technologies. The laboratory may be utilized for practical sessions, skill development, student projects, prototype development, innovation activities and industry-oriented training. Both parties will encourage collaborative research, product development, competitions and entrepreneurship activities.

Roles and Responsibilities

BeeRobokids:

- Provide technical experts, supporting hardware, industrial exposure and guidance.

- Provide Internship to our students with nominal registration charges.
- Support training, workshops and laboratory activities whenever feasible.

EC Department:

- Coordinate student participation and academic scheduling.
- Maintain laboratory infrastructure and ensure effective utilization.
- Encourage faculty and students to participate in collaborative activities.

Validity

This MoU shall remain valid for five (5) years from the date of signing and may be renewed by mutual consent.
